### **After Easter Update**

Dear Parent / Carer

I hope that you and your family have had a relaxing and more importantly, safe Easter break. At Bader, we have kept the school open for our keyworker and vulnerable children and I would like to thank those staff who gave up their holiday to work during the Easter period to support the children who attended school.

#### **Learning at home**

Today, we will commence our on line learning once again. New work packs have been uploaded to the school website but these will not be available in paper form. Learning and learning tasks will all be uploaded to class dojo and these will be posted daily. We are now intending to 'set' English and Maths tasks similar to how we did this before Easter but with a strong emphasis on the appropriate year group of the children.

It is therefore vitally important that children can access class dojo. The vast majority of parents have signed up to this now and therefore children are able to access the content. Teaching staff are checking in with families this week and will be on hand to help and support with class dojo and access to it. The great thing about this forum is work can be uploaded and teaching staff can then offer feedback on the work submitted.

We will also be sending out an English and Maths book to help with recording any work that is posted on line. Children who are children of key workers and vulnerable children will also be following a similar approach when they are in school i.e. undertaking some English and Maths work as appropriate.

This approach by school is always subject to change but at the moment, we feel is the right way to support you and your child's learning. Class dojo also has the facility to send messages which I would encourage you to use to contact staff about any issues relating to your child either to do with their learning or if they are having any other difficulties that you feel we may be able to help with.

Thank you for your continued support in these difficult and unprecedented times.
