

Early Learners and Nursery Summer term Newsletter

Welcome to our summer term 2021

We have really appreciated all of your ongoing support and are really pleased to see everyone back in school.

A reminder of our nursery times-
Morning session- 9:00am-11:30am
Afternoon session- 12:30am-3pm

Our team- Mrs Attwood, Miss Bryson, Mrs McLean,
Miss Wolfenden, Miss Tierney & Mrs Marston.

Summer Ready!

As we approach the warmer weather, please ensure your child comes to Nursery prepared for time outdoors in the sun.

Please ensure you apply sun cream to your child before they start Nursery and send them in with a sun hat.

For health and safety reasons, we do not recommend sandals or open toes shoes for Nursery.

This Term

Alongside child-initiated play, we will be using a range of topics, to support and extend the children's learning.

Our summer topics are:

Why do ladybirds have spots?

How many pebbles are on a beach?

We will also be learning about summer.

Communication and Praise

As you know we use Tapestry to Document and record your child's learning. This learning is available for you to view on their online learning journal.

We will continue to communicate and praise via Dojo. If you have any problems accessing this or Tapestry please let us know.

As a whole school we are conducting 'Phone call Friday'. This is where one child each week will be chosen to receive a phone call home praising their efforts that week.

Rainbow challenges - we will be continuing with promoting one special challenge a week in nursery and if the children complete it they will receive a certificate.
