

PSHE at Bader

At Bader Primary School, we really value children's physical, social and health education, and have had lots of wider opportunities to support our curriculum learning and to deepen our understanding of these areas.

Blue Cross Firework Safety Around Pets assembly

On 5th November, we had a whole school Zoom assembly based around pets and firework safety. We learnt many ways to keep our pets safe around Bonfire Night, and the best way to care for them if they are frightened.

Remembrance Day

Bader pupils know all about the significance of Remembrance Day, and showed their respect by participating in a whole school minute silence over Zoom. From Nursery to Year 6, children have created beautiful artwork and writing linked to Remembrance. They even had some delicious cake and biscuits at lunchtime!

Bader Primary School

Children in Need

Children at Bader Primary School enjoyed taking part in Children in Need day. We joined in with the final 20 minutes of Joe Wicks' 24 hour workout and cheered him on at the end! Nursery children enjoyed wearing their bright clothes for the day to show their support, and completed a range of Children in Need activities.

Children in Need

Anti-Bullying Week

We kicked off Anti Bullying week by wearing our odd socks for the day! This reinforced the message that everybody has the right to express themselves by celebrating their individuality. During Anti-Bullying week, Bader Primary pupils completed many activities in their classrooms linked to the theme: United Against Bullying.

Road Safety Week

During Road Safety Week, we completed lots of activities linked to the theme: No Need to Speed. Year 3 took part in pedestrian training, and Year 6 entered the Annual Road Safety Quiz.

We have used our playground and areas around school to practise crossing the road safely.

Bader Primary School

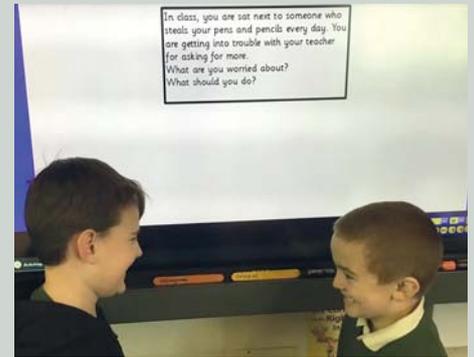

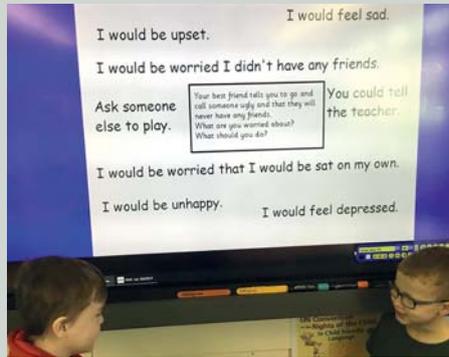

Rights Respecting Schools Award

At Bader Primary School, we want our children to excel in everything they do.

Unicef have created a convention of children's rights, which we look at and relate them to our children and other children around the world. We received a bronze award in May 2020 for developing children's understanding, but are now going for the silver award. The children have worked very hard on learning different rights such as the right to an education..

During Anti-bullying week, the children looked at related rights (known as articles), which are Article 2 - no discrimination, Article 12 - respect for children's views and Article 19 - protection from violence. They looked at some moral dilemmas and made suggestions about how they would deal with different situations.

The children wanted to share what they had done with their parents, so the ambassadors for each class created information to put in a newsletter. They worked independently and did a fantastic job. Year 1 created the title, Year 6 the introduction, Year 3 and 4 shared Article 28 (a right to education) and Article 31 (rest, play, culture and arts) and Year 2 talked about how we display our work.

The children's work is displayed in the school hall so everyone can see it. The children really enjoy having a look at what everyone has done. There is also a floor book with all the rights the children have looked at.
